

April, 2023 has been another challenging month for the organization. After getting all the government certifications (80 G, 12 A, TAN, CSR, NITI Aayog) for looking for projects, Donation, Contribution & Charity to start Developmental Activities for Women, Youth (Girls) & Children, efforts were made to send proposal to individual Donors & companies but no fruitful outcome seen.

An advertisement was made through handbills to create awareness for need of learning skills to EARN, doing jobs at establishments or work as Entrepreneur after completion of 3 months training. Enquiries were made but none turned out to get admission (As it was a paid learning). When the reason was enquired, there has been a simple reply; “**CORONA PANDEMIC**” has drastically broken poor families financially. Many of them lost their EARNING hands in the families (Father). Families PRIORITY are Bread and Butter, survival of family members. The REAL poor are helpless to **Pay & Learn SKILLS** for Livelihood.

Since I took over the responsibility of the organization in the capacity of PRESIDENT, I requested all **kind well-wishers** to contribute so that **SKILL based Trainings** could start for Helpless & Hopeless Women & Girls (Youth) of the society. With small contributions & savings, Tailoring class has been started with strength of 15 students.

I am approaching 67; expectancy of life is probably 67 years.
 My son is well-placed; the only responsibility of daughter is with me.
 I rarely donate for religious places, beggars (most of them are professions) but like to do for poor. Once I know that this organization is run by you, means my donation is in a safe hand and will be utilized properly.
 Lastly **the real service of humanity is serve the poor.**

Md. Sajjad Ahmad
Health Department, GOB
(Donated Rs. 5000)

Social Worker Mrs. Jaya Roy was guest on the occasion. She encouraged all the trainees to learn the skill based training contents in such a beautiful way so that each could start to EARN after completion of the training. She extended best wishes for the activity.

All the members of the organization were present on the occasion. They too encouraged all for the training. Mrs. Bandana Kumari, Secretary, encouraged the trainees to LEARN the Skill based training without any kind of discrimination. All are equal whether literate or illiterate. Tailoring is all time & weather business that run continuously throughout the year. One **SKILLED TAILOR** can earn between Rs.6, 000 to Rs.10, 000 monthly.

Mr. Govind Kumar Jha, President, welcomed all the students, members, guardians and the Guest on the occasion. He explained in details how this 3 months SKILL based training going to help them in earning & empowering them economically. This is going to transform their life, not completely but no one would remain HELPLESS & HOPELESS after completion of training.

Ms. Geetanjali Kumari, Faculty – Tailoring, explained the course contents that would be taught in 3 months.

Eid Festival had been celebrated by sharing sweets to children at SLUMS of Budhi Gandak locality. All had been wished **HAPPY EID**. The smiles on their faces were encouraging & twinkling.

Mother Earth Day had been observed by planting trees. A lecture was given by secretary about the importance of Mother Nature & plants in our life. How it affects all living creatures, species and life on planet.

The relation between living bodies and nature co-exists together. Any kind of disorder in nature cause complete devastation on earth in the form of Earthquake, flood, Starve, diseases and other forms. For coming generation, we all need to serve & conserve nature. We must follow noble concept: **one person – one plant** every year to ensure greenery around us.

Donation Collection: In April, 2023, a total Rs.13001 had been collected as donation from a single donor Md. Sajjad Ahmad Sir from State Health Society, Patna (Bihar). All other benevolent, kind & Philanthropist people were contacted & convinced for donation so that other courses (Computer, Beautician & Mehndi) may run simultaneously but lack of sufficient fund at account doesn't allow to do so.

Kalyanpur Vikash Parishad			
Reg. Non Governmental organization committed for social Development (Help the Helpless)

APPEAL FOR MONTHLY CONTRIBUTION / DONATION

This is an open appeal to all the kind donors of past months to contribute the least you can to sustain the developmental trainings & activities for poor & helpless women & children. I would also appeal to donors to add atleast one more kind donor with you every month in the **MISSION TO CHANGE & TRANSFORM**.

KALYANPUR VIKAS PARISHAD (SOCIETY) is your organization through which you repay & return to the society.
